“The Silver Oak Jumper Tournament always was one of my favorite shows, it's truly different in that the quality in every way is incredible. Post my accident my long friendship with Jeff Papows and the incredible support through Silver Oak's voice has been monumentally important. This show really understands the value it's sponsors provide, it enables amongst other things their charitable efforts not just to my family but their dog and horse rescue missions as well. I'm a two time winner of the Agero Grand Prix and those trophies occupy a special place in our home and our hearts.”

We have from the beginning because of who they are and why they work so tirelessly for all they serve. Silver Oak has such grace, hospitality, heart and such world class competition.
